THINK

A NEW ERA AT HOP

2010 was a year of great changes! Not only did we see the evolution in the spirit of the country as we all came together to welcome sports supporters from across the globe, but we also saw the next big evolution much closer to our hearts...

The beginning of a new era in House of Print is upon us!

It was with a heavy heart that we said goodbye to Bruce o'Brien. After many successful years in partnership with André Bam, growing House of Print from strength to strength, he has decided to enjoy a well-earned retirement. As we look to the future, and continue building a company that will be worthy of its own formidable legacy, we wish Bruce well in his endeavours.

With more than 17 years spent in the print industry, André has long believed that through passion and dedication all things are truly possible, and will continue to push past the boundaries of what is possible. A hands-on approach has endeared André to his clients, and earned him a well-deserved reputation as a man who gets things done! Excitement abounds as new things are happening all around us, with no end in sight. 2011 will definitely be the year of House of Print!

One of our biggest strengths is, without a doubt, our staff. From a compliment of more than 80 full time staff, 28 of them have spent more than ten years with the company, sharing their expertise and passion with our diverse client base. Combined with the excellent staff already dedicated to bringing the best out in their work are the appointments of a slew of new staff, bringing their skills into play

at HoP. Our new people are constantly on their toes, ready to do what ever it takes to make your jobs a success!

HoP has always been at the forefront of cutting edge technologies in the print industry, ensuring that our clients only get the best in service and quality. Ensuring that our clients receive only the best the industry has to offer significant investments in staff and machinery have already been made with upgrades to existing machinery and plans for more well on the way.

Since HoP's presses started rolling in 1968 we have built an enviable reputation in the Gauteng Printing Industry, boasting an impressive stable of printing presses and finishing equipment. Offering through the line services from Digital Print to CTP enabled Litho Print. Our custom built factory is situated in Selby, in the heart of Johannesburg, an ideal location which is easily accessible from the highway.

Passion for excellence, quality and above all print, HoP will continue to bring delight and wonder at the products we deliver.

Andre Bam managing director

There is no doubt that passion has to be the driving force in building a successful printing company. A passion for people, a passion for creativity, for quality. It is in your blood, or it isn't. Surely, ink flows through Andre's veins! The thrill and excitement of printing was something that Andre, even as child, knew he had to experience.

Full of creative energy, Andre also explored the industry from different angles, studying advertising and marketing; and even that bright future could not satiate the burning desire to create success in the printing industry. With a unique set of skills, Andre bought his first printing company 17 years ago. Finding his abilities to think laterally and creatively a perfect combination with the very agencies he had worked with previously, he quickly established himself as a force to be reckoned with!

Years later, when the opportunity to merge with House of Print came to the fore, Andre didn't think twice to expand. Now, after ten wonderful years at HoP, as co-owner, André has bought out his partner and is looking forward to an even brighter future, driven by the very principles that have propelled him forward. Passion. People. Print.

marketing director Watson Masango

Watson has vast experience in the sales and marketing field in a career spanning over 20 years. He has worked in the capacity of Public Relations Officer, Sales Representative, Sales Services Manager, Market Development Manager and Sales Manager for South Africa's leading companies which include The Gallo Record Company, Gilbeys Distillers & Vintners, and Namibia Breweries. Throughout this period, spending almost 12 years with the South African Breweries, he worked developing the informal market as Sales Services Manager and Sales Manager respectively.

He also had a stint with Love Life as a consultant in 2001 to 2002. After many years running his own successful printing company, often having worked closely with HoP, we welcome Watson to the team as Marketing Director. Watson is very personable, confident and charming individual; enjoys challenges, displays a firm, but fair approach and takes absolute pride in his work.

Helped are those who create anything at all, for they shall relive the thrill of their own conception and realize a partnership in the creation of the Universe that keeps them responsible and cheerful. ~ Alice Walker
